RE: Docket No. HLP-2021-0003

To Whom It May Concern:

This letter is regarding the carbon capture pipeline that is proposed to run a half mile North of Fremont Iowa. This pipeline would be only a half mile from our Fremont Elementary building, which has 104 students and 29 staff members.

We would like to state that we, the Eddyville-Blakesburg-Fremont Board of Directors are opposed to this proposed carbon capture pipeline. This is a relatively new process to capture CO2 that does not have a predicted worldly effect on CO2 emissions and because of this we feel the risks to the health and wellbeing of our students and staff are too high.

Thank you,

The Eddyville-Blakesburg-Fremont Board of Directors
